

Rules for Use of Building

1. All parents are to be held responsible for their own children.
 - A. Children are not allowed to disrespect other people's children, families, property, etc. If you are supervising your child this should not be an issue.
 - B. If you have a problem with someone else's child, please bring it to the attention of that child's parent.
 - C. If that parent does not handle the situation, or the situation is recurring, please bring it to my attention. We must create an environment of mutual respect for each other and the facilities.

2. All parents are to be with their children at all times.
 - A. Bathroom trips must be supervised by parent or another competent person.
 - B. This includes when children are outside.

EXCEPTION: if there is a craft or activity which other people are leading and child is old enough to be held accountable for his/her behavior. If their behavior is not appropriate, the child will be returned to parent because, ultimately, all parents are to be held responsible for their children.

 - B. If we eat or do messy crafts:
 - i. All tables wiped
 - ii. All floors swept
 - iii. All trash emptied

5. When outdoors, we must still respect St. Teresa's property and programs.

**Everyone is required to follow the rules to participate in our functions. These are all rules that have been brought to my attention by the St. Teresa's staff. They may be amended as necessary. If a family is unable to follow the rules, that family may be asked to leave. So please, follow the rules!!
